

WP Photo Seller - Add Facebook like buttons to your photos

WP Photo Seller Plugin allows you add Facebook Like and Share buttons for every photo in the photo gallery so your customers or visitors can like the photos and share them on their Facebook timeline (wall) or with their friends.

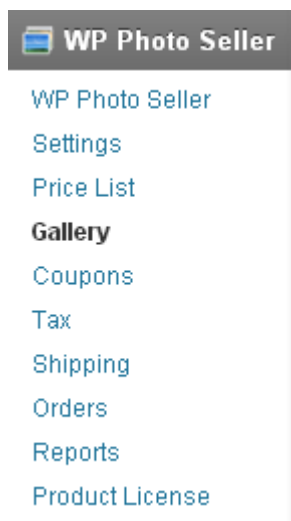

Displaying photo 3 of 6

To enable Facebook like and share option

Go to Gallery Menu from WP Photo Seller main menu

From “**Existing Galleries**” list edit the gallery that you want to enable the Facebook feature for.

Existing Galleries

Bulk Actions 4 items

<input type="checkbox"/>	Gallery ID	Gallery List Name	Display Photo On Page	Enable Zoom	Thumb Template	Gallery Password	Updated
<input type="checkbox"/>	5 Edit Delete	Nature	yes	no	Template 3	not protected	2013-12-02 23:41:18
<input type="checkbox"/>	Gallery ID	Gallery List Name	Display Photo On Page	Enable Zoom	Thumb Template	Gallery Password	Updated

Bulk Actions

From the **“Gallery Settings”** check the **Enable Facebook Like** box.

Preview Photo via Page: *This setting will show previews of your photos on a separate photo details page instead of on the gallery page. This option is recommended.*

Enable Zoom *This setting will enable zoom functionality on the photo details page.*

Enable Facebook Like *Click this to display a facebook like button when displaying details page.*

Now save the Gallery.
